Repeat for all parts.

Flaming desire, flaming desire
Open your heart to my flaming desire
Love turns to lust, ice into fire
Open your heart to my flaming desire

How quickly, how quickly desire returns
I open your hand and the weapon still burns
Hold me and turn me in circles again
Dance in the space between pleasure and pain

Flaming desire, flaming desire
Open your heart to my flaming desire
Love turns to lust, ice into fire
Open your heart to my flaming desire
